

HTET KO OO

Frontend Developer Internship Candidate

Bangkok, Thailand | htetkooo2532@gmail.com

github.com/HtetKoOo | htetkooo.dev

PROFILE

Third-year Digital Technology Innovation student at Kasem Bundit University with project experience using React, Next.js, and Laravel. Seeking a frontend development internship to contribute to web applications and develop practical skills through teamwork and code review.

TECHNICAL SKILLS

Frontend: JavaScript, React, Next.js, HTML, CSS, Tailwind CSS

Backend & databases: PHP, Laravel, MySQL, PostgreSQL

Tools: Git, GitHub, Postman

SELECTED PROJECTS

Writing Test App

Next.js application for IELTS writing practice, with student, teacher, and admin sections. The project includes work on timed writing sessions, draft auto-save, and submission handling.

github.com/HtetKoOo/writing_test_app

Social Media App

Next.js social application with posts, comments, likes, and user profiles. Uses Prisma for database access and includes saved-post and story features.

github.com/HtetKoOo/Social-media-app

TEAM PROJECT CONTRIBUTIONS

One Project One Month | Frontend Contributor

Contributed to the frontend of a Utility Management System admin dashboard and the program website's project portfolio page using React and Tailwind CSS.
